MEMORANDUM FOR: [REDACTED]

SUBJECT : Military Pay in the USSR

1. Greetings from the New World! I assume that our memo (which apparently passed yours in transit) is sufficient to take care of your immediate question.

2. We are sorry that we have no publication as yet, but we are still hoping for one by the first of the year.

3. Incidentally, in the document you cite in your first footnote I believe the counterpart naval differential (148) is a "typo".

4. Regards from us-all to you-all.
